

Greater Manchester Mayoral elections 2024

Hannah Spencer: Green Party candidate

Imprint: Promoted by Brian Candeland on behalf of Hannah Spencer (Green Party), both 13 Devonshire Road, Manchester, M21 8XB.

I am Hannah Spencer.

I am standing to be Mayor of Greater Manchester for the Green Party.

Things that are important to me are:

Housing:

Lots of heat escapes from our homes.

People can't afford to pay to heat their houses.

I want to insulate our homes to keep us warm.

Transport:

Many people do not have cars.

Dirty air affects everyone, especially poorer people.

I will improve the buses and trams for everyone.

So less people will need cars and we will have cleaner air.

Women and girls:

Too many women and girls are being hurt.

The police don't always help enough.

I will make sure that the police help to protect women and girls.

No-one and nowhere will be left behind.

We will work together to help people now and for the next generation.
